### Letter from Fauquier.

MARSHALL, Oct. 10 .- We are now enjoying the lovely autumn season, with warm sunshine and brilliant moonlight nights. Our country presents a most picturesque appearance. The forests and mountains are clad in gorgeous colors. After seeding wheat will come the ingathering of an abundant corn crop, which with the sale of fat cattle, hogs, etc., will help the farmer to set-tle tax bills, and pay operatives and store

The public schools, which receive in Fau quier about \$2,500 per annum, while \$13,000 paid by our citizens towards the school fund, are again open. Our neighbor, Mr. H. DeButts Norris, has

a handsome and costly building at his residence, Barrymore, under contract with Messrs, Smallwood and Capt. Welch. Mr. Norris has, also, developed in Loudoun county a marble quarry, which promises to be of great value. The example of this rep-1000 CHILDEEN'S SUITS, ranging from \$1 of gleav value. The examples this representative Virginian is worthy of imitation by our youth. The "Sons of Ease," of Marshall, ought to disband. As a writer of poetry, comic, and full of gushing sentiment when the fair sex are his subjects of inspiration, I may add that Mr. Norris may soon enter the ranks of authorship. During the late meeting of the Presbytery

white ties, of course, predominated in our town. Bay. Messrs, Bridges and Turnbull, we note the public to inspect our stock and the stock is reduced satisfactorily.

We would request all who desire to take admittance of this opportunity to come at some as stock is complete.

Town. Bay. Messrs, Bridges and Turnbull, Dre. Diswiddle, White and Green, and an evengelist from Bulgaria were prominent on this occasion. One of our small boys referred to the latter gentleman as from "Vulthis occasion. One of our small boys referred to the latter gentleman as from "Vulgaria." Like a late candidate for office before the civil service committee, when asked what was the capital of Denmark, he indig-nantly replied: "Ask me something about old Virginny, and I will tell you about it."

Just to thinks our small boy.

The coming election does not here elicit much attention. Mahoneites, however, are ple. In connection with the suit lately in-stituted against Senator Riddleberger together with the newspaper statements that Senator Mehone has been provided with money by Northern politicians to carry the Steam Flooring & Planing Mill election in Virginia the ensuing fall, all honest voters it is to be hoped will support

As referred to in this correspondence Marshali, with other communities near by has suffered from unusual sickness during the present year. Dr. Frost, a prominent physiciau, has already treated twenty-four cases of typhoid fever. In this disease the faculty recommends the use of boiled drink-Some of our physicians hope to session of the State Medical Society of Virginia. There is promise of a large attendance, among whom are expected Drs. Sayre and Hammond, of New York, Parvin, of Philadelphia and Battey, of Georgia. The theme of the president's (1)r. Bedford Brown) address will be, "The Advantages of the Practical Study of Medi-cal Science as a Means of Promoting Profes

A MIXED SORT OF CASE .- The Summit FLOORING, DOORS, SASE, BLINDS, FRAMES County, Ohio, Infirmary during the past SUPLINGS, MANTELS, BRACKETS Summer has been the field for sensational matters in this section of the country, having furnished stories of babes from insane women, cruelties and inhumanities to such an extent that the management was changed; but the end from this source is not yet, for now comes a story from the same institution, in which a white woman of American birth performed a feat heretofore almost unheard of in surgical practice. It is the birth of twins, one of which is a true type of an African and the other a fair Caucasian. The mother of these children is Elizabeth Duncan, aged thirty-six. She was an inmate of the infirmary about three years ago, when he had three children, which were disposed of by placing them in homes. The mother, who prior to this time had had a husband, but with whom she has not lived for several years, being discharged from the infirmary, years, being discharged from the infirmary, went to Akron, and has since resided there until her condition unfitted her for any kind of work, when she was again taken to the decrease of the infirmary, and last Tuesday gave birth to twin brothers in the flesh, but of different that Guns, Pistols, Shells, Primers, &c., of all kinds at 328 King street, wholesale and nationalities. The negro lineaments in the one are positively defined-a crop of curly hair decks the head-while the other shows a light complexion, and is entirely the opposite of his brother both in contour of face and in color. Both are quite puny, and it is said cannot live.

DECLINE OF THE KNIGHTS .- At the convention of the knights of labor, now being held in Minneapolis, General Secretary Litchman presented his report. The number of members reported in good standing at the last session was 702,924, and the num-ber of members in arrears 26,753. This made the apparent membership of the order, as then reported, 729,677. The tremendous growth in the early part of 1886 brought to the organization a mass of material that proved to be a weakness rather than a strength. In spite of all the opposition since the Richmond convention the total

WILLIAM S. ODELL. The capital stock of this company is \$625,000, divided into 625,000

The company is incorporated under the laws of West Virginia, and the stock is non-assessable, and carries with it no personal liability to the holder.

THE GOLD MINING COMPANY (location, Music Mountains, A. T.) is as sound a mining enterprise as was ever placed on the market, and its possibilities have never been exceeded. Every share should double in Bookseller and Stationer, value within a year, and they may quadruple, as they are based on property that would ordinarily have been capitalized ten (10) times as great on account of its known richness and promise.

The shares are made small so that any one can invest. Subscriptions for five shares are as welcome as those for hundreds.

Every dollar of earnings will go to the stockholders in dividends, as there is nothing else that they can be used for.

A Wisewell mill, capacity 20 tons per day, with powerful machinery, has been purchased and will be on the ground ready for erection at the mine within the next thirty days.

The solid basis upon which the company is founded and the practical proofs of the richness of the mine have already secured the confidence of the public, and the stock has steadily advanced in selling value Within the last few days bona fide sales have been made AT PAR.

There is no better stock on the market for a permanent investment. For full information in regard to this Mine apply to the
